Terms of the Bonds

The Slovak Republic acting through the Ministry of Finance of the Slovak Republic (the "**Issuer**") issued 1.375 % bonds 2013 – 2019 in the initial nominal amount of CHF 400,000,000 with reopening clause (the "**Bonds**").

The Terms of the Bonds are as follows:

1. **Form, Denomination and Reopening**

The aggregate principal amount of the Bonds of CHF 400,000,000 (four hundred million Swiss francs) is divided into Bonds (each, a "**Bond**" and collectively the "**Bonds**") with denominations of CHF 5,000 (five thousand Swiss francs) per Bond and integral multiples thereof.

The Bonds and all rights in connection therewith are documented in the form of a Permanent Global Certificate (*Globalurkunde*) which shall be deposited by the Principal Paying Agent (as defined below) with SIX SIS Ltd or any other intermediary in Switzerland recognized for such purposes by SIX Swiss Exchange (SIX SIS Ltd or any such other intermediary, the "**Intermediary**"). Once the Permanent Global Certificate is deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Bonds will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Each Holder (as defined below) shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Certificate to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Certificate remains deposited with the Intermediary the co-ownership interest shall be suspended and the Bonds may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e., by the entry of the transferred Bonds in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Certificate (*Globalurkunde*) into, or the delivery of, uncertificated securities (*Wertrechte*) or Definitive Bonds (as defined below) (*Wertpapiere*).

The records of the Intermediary will determine the number of Bonds held through each participant in that Intermediary. In respect of the Bonds held in the form of Intermediated Securities, the holders of the Bonds (the "**Holders**" or "**Bondholders**") will be the persons holding the Bonds in a securities account in their own name and for their own account.

No physical delivery of the Bonds shall be made unless and until Definitive Bonds (*Wertpapiere*) shall have been printed. Definitive Bonds may only be printed, in whole, but not in part, if the Principal Paying Agent determines, in its sole discretion, that the printing of the Definitive Bonds (*Wertpapiere*) is necessary. Should the Principal Paying Agent so determine, it shall provide for the printing of Definitive Bonds (*Wertpapiere*) without cost to the Holders. If printed, the Definitive Bonds (*Wertpapiere*) shall be executed by affixing thereon the facsimile signatures of one authorized officer of the Issuer. Upon delivery of the Definitive Bonds (*Wertpapiere*), the Permanent Global Certificate will immediately cause to be cancelled by the Principal Paying Agent and the Definitive Bonds (*Wertpapiere*) shall be delivered to the Holders against cancellation of the Bonds in the form of Intermediated Securities in the Holders' securities accounts.

Definitive Bonds or Coupons which are mutilated, lost or destroyed may be replaced, at any office of UBS AG in Switzerland, on payment of such costs as may be incurred in connection therewith, and on such terms as to evidence and indemnity as the Issuer and UBS AG may require and, in the case of mutilation, upon surrender of the Bond or Coupons.

In case the Permanent Global Certificate will be exchanged for definitive bonds and coupons all references herein to the "Bonds" shall be deemed to be replaced by "Bonds and Coupons" unless the context requires otherwise.

2. Interest

The Bonds bear interest from 16 April 2013 at the rate of 1.375 % per annum, payable annually on 16 October in arrears (short first period).

When interest is required to be calculated for a period of less than one year, it shall be calculated on the basis of a 360-day year consisting of 12 months of 30 days each.

3. Redemption and Purchase

3.1 Redemption at Maturity

Unless previously purchased and cancelled as provided below, each Bond shall be redeemed by payment by the Issuer at par on 16 October 2019.

3.2 Purchases

The Issuer may at any time purchase Bonds in the open market or otherwise and at any price. Bonds purchased by the Issuer may, at the option of the Issuer, be held, resold or surrendered to the Principal Paying Agent for cancellation. If purchases are made by tender, tenders for such Bonds must be made available to all Holders of such Bonds alike.

3.3 Cancellation

All Bonds redeemed in full shall be cancelled forthwith and may not be reissued or resold.

4. Payments

Interest payments and amounts payable on the Bonds will be made available for value the respective due date in freely disposable Swiss Francs which will be placed with UBS AG in Switzerland (the "**Principal Paying Agent**") on behalf of the Holders. If the due date for any payment by the Issuer does not fall on a Business Day (as defined below), the Issuer undertakes to effect payment for value the Business Day immediately following such due date and the Holders will not be entitled to any additional sums thereto.

Upon receipt of the funds in Switzerland and under the same conditions as received, UBS AG will arrange for payment to the Holders.

The Issuer undertakes that Bonds shall be payable upon their surrender in freely disposable Swiss Francs without collection cost to the Holders, without any restrictions and whatever the circumstances may be, irrespective of nationality, residence or domicile of the Holders and without requiring any affidavit or the fulfilment of any other formality at the counters in Switzerland of any of the following banks (the "**Paying Agents**"):

UBS AG
BNP Paribas (Suisse) SA

The receipt of the funds by UBS AG in Swiss Francs in Switzerland shall release the Issuer of its obligations under the Bonds to the extent of the amounts paid.

"**Business Day**" means a day on which commercial banks are open for domestic business and foreign exchange (including dealings in Swiss Francs) in Zurich, Switzerland and Bratislava, Slovak Republic.

5. Taxation

All payments of principal and interest in respect of the Bonds by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Slovak Republic or any political subdivision therein or any authority therein or thereof having power to tax (the "**Taxes**"), unless the withholding or deduction of the Taxes is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by each Holder after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Bond (i) to a Holder, or to a third party on behalf of a Holder, if such Holder is liable to such Taxes in respect of such Bond by reason of the Holder having some connection with the Slovak Republic other than the mere holding of such Note; or (ii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to such Directive.

6. Status of the Bonds and Negative Pledge

6.1 Status of the Bonds

The Bonds constitute direct, general and unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and at least *pari passu* with all other unsubordinated and unsecured obligations of the Issuer, present and future, save for such obligations as may be preferred by provisions of law that are mandatory and of general application to creditor rights.

6.2 Negative Pledge

The Issuer agrees that, so long as any of the Bonds remains outstanding, it will not create or allow to exist any Security Interest (as defined below) of the Issuer upon the whole or any part of its present or future assets or revenues to secure any Public External Indebtedness (as defined below) or any Guarantee (as defined below) of any Public External Indebtedness without at the same time or prior thereto securing the Bonds equally and rateably therewith.

- 8.2.1 Reserved Matter Modification. The Terms of the Bonds and any agreement governing the issuance or administration of the Bonds may be modified in relation to a reserved matter with the consent of the Issuer and:

- (ii) a written resolution signed by or on behalf of the holders of more than 50% of the aggregate principal amount of the then outstanding Debt Securities of each series (taken individually) that would be affected by the proposed modification.

A separate meeting will be called and held, or a separate written resolution signed, in relation to the proposed modification of the Bonds and the proposed modification of each other affected series of Debt Securities.

8.2.3 Proposed Cross-Series Modification. A proposed Cross-Series Modification may include one or more proposed alternative modifications of the terms and conditions of each affected series of Debt Securities or of any agreement governing the issuance or administration of any affected series of Debt Securities, provided that all such proposed alternative modifications are addressed to and may be accepted by any holder of any Debt Security of any affected series.

8.2.4 Partial Cross-Series Modification. If a proposed Cross-Series Modification is not approved in relation to a reserved matter in accordance with Condition 8.2.2 (*Cross-Series Modification*), but would have been so approved if the proposed modification had involved only the Bonds and one or more, but less than all, of the other series of Debt Securities affected by the proposed modification, that Cross-Series Modification will be deemed to have been approved, notwithstanding Condition 8.2.2 (*Cross-Series Modification*), in relation to the Bonds and Debt Securities of each other series whose modification would have been approved in accordance with Condition 8.2.2 (*Cross-Series Modification*) if the proposed modification had involved only the Bonds and Debt Securities of such other series, provided that:

- (a) prior to the record date for the proposed Cross-Series Modification, the Issuer has publicly notified holders of the Bonds and other affected Debt Securities of the conditions under which the proposed Cross-Series Modification will be deemed to have been approved if it is approved in the manner described above in relation to the Bonds and some but not all of the other affected series of Debt Securities; and
- (b) those conditions are satisfied in connection with the proposed Cross-Series Modification.

8.2.5 Non-Reserved Matter Modification. The Terms of the Bonds and any agreement governing the issuance or administration of the Bonds may be modified in relation to any matter other than a reserved matter with the consent of the Issuer and:

- (a) the affirmative vote of holders of more than 50% of the aggregate principal amount of the outstanding Bonds represented at a duly called meeting of holders of the Bonds; or
- (b) a written resolution signed by or on behalf of holders of more than 50% of the aggregate principal amount of the outstanding Bonds.

8.2.6 Multiple Currencies, Index-Linked Obligations and Zero-Coupon Obligations. In determining whether a proposed modification has been approved by the requisite principal amount of Bonds and Debt Securities of one or more other series:

- (a) if the modification involves Debt Securities denominated in more than one currency, the principal amount of each affected Debt Security will be equal to the amount of euro that could have been obtained on the record date for the proposed modification with the principal amount of that Debt Security, using the applicable euro foreign exchange reference rate for the record date published by the European Central Bank;
- (b) if the modification involves an Index-Linked Obligation, the principal amount of each such Index-Linked Obligation will be equal to its adjusted nominal amount;
- (c) if the modification involves a Zero-Coupon Obligation that did not formerly constitute a component part of an Index-Linked Obligation, the principal amount of each such Zero-Coupon Obligation will be equal to its nominal amount or, if its stated maturity date has not yet occurred, to the present value of its nominal amount;
- (d) if the modification involves a Zero-Coupon Obligation that formerly constituted a component part of an Index-Linked Obligation, the principal amount of each such Zero-Coupon Obligation that formerly constituted the right to receive:
 - (i) a non-index-linked payment of principal or interest will be equal to its nominal amount or, if the stated maturity date of the non-index-linked payment has not yet occurred, to the present value of its nominal amount; and
 - (ii) an index-linked payment of principal or interest will be equal to its adjusted nominal amount or, if the stated maturity date of the index-linked payment has not yet occurred, to the present value of its adjusted nominal amount; and
- (e) For purposes of this Condition 8.2.6 (*Multiple Currencies, Index-Linked Obligations and Zero-Coupon Obligations*):
 - (i) the adjusted nominal amount of any Index-Linked Obligation and any component part of an Index-Linked Obligation is the amount of the payment that would be due on the stated maturity date of that Index-Linked Obligation or component part if its stated maturity date was the record date for the proposed modification, based on the value of the related index on the record date published by or on behalf of the Issuer or, if there is no such published value, on the interpolated value of the related index on the record date determined in accordance with the terms and conditions of the Index-Linked Obligation, but in no event will the adjusted nominal amount of such Index-Linked Obligation or component part be less than its nominal amount unless the terms and conditions of the Index-Linked Obligation provide that the amount of the payment made on such Index-Linked Obligation or component part may be less than its nominal amount; and
 - (ii) the present value of a Zero-Coupon Obligation is determined by discounting the nominal amount (or, if applicable, the adjusted nominal amount) of that Zero-Coupon Obligation from its stated maturity date to the record date at the specified discount rate using the applicable market day-count convention, where the specified discount rate is:
 - (A) if the Zero-Coupon Obligation was not formerly a component part of a Debt Security that expressly provided for the accrual of interest, the yield to maturity of that Zero-Coupon Obligation at issuance or, if more than one tranche of that Zero-Coupon Obligation has been issued, the yield to maturity of that Zero-Coupon Obligation at the arithmetic average of all the issue prices of all the Zero-Coupon

Obligations of that series of Zero-Coupon Obligations weighted by their nominal amounts; and

- (B) if the Zero-Coupon Obligation was formerly a component part of a Debt Security that expressly provided for the accrual of interest:
 - (1) the coupon on that Debt Security if that Debt Security can be identified; or
 - (2) if such Debt Security cannot be identified, the arithmetic average of all the coupons on all of the Issuer's Debt Securities (weighted by their principal amounts) referred to below that have the same stated maturity date as the Zero-Coupon Obligation to be discounted, or, if there is no such Debt Security, the coupon interpolated for these purposes on a linear basis using all of the Issuer's Debt Securities (weighted by their principal amounts) referred to below that have the two closest maturity dates to the maturity date of the Zero-Coupon Obligation to be discounted, where the Debt Securities to be used for this purpose are all of the Issuer's Index-Linked Obligations if the Zero-Coupon Obligation to be discounted was formerly a component part of an Index-Linked Obligation and all of the Issuer's Debt Securities (Index-Linked Obligations and Zero-Coupon Obligations excepted) if the Zero-Coupon Obligation to be discounted was not formerly a component part of an Index-Linked Obligation, and in either case are denominated in the same currency as the Zero-Coupon Obligation to be discounted.

8.2.7 Outstanding Bonds. In determining whether holders of the requisite principal amount of outstanding Bonds have voted in favour of a proposed modification or whether a quorum is present at any meeting of holders of the Bonds called to vote on a proposed modification, a Bond will be deemed to be not outstanding, and may not be voted for or against a proposed modification or counted in determining whether a quorum is present, if on the record date for the proposed modification:

- (a) the Bond has previously been cancelled or delivered for cancellation or held for reissuance but not reissued;
- (b) the Bond has previously become due and payable at maturity or otherwise and the Issuer has previously satisfied its obligation to make all payments due in respect of the Bond in accordance with its terms; or
- (c) the Bond is held by the Issuer, by a department, ministry or agency of the Issuer, or by a corporation, trust or other legal entity that is controlled by the Issuer or a department, ministry or agency of the Issuer and, in the case of a Bond held by any such above-mentioned corporation, trust or other legal entity, the holder of the Bond does not have autonomy of decision, where:
 - (i) the holder of a Bond for these purposes is the entity legally entitled to vote the Bond for or against a proposed modification or, if different, the entity whose consent or instruction is by contract required, directly or indirectly, for the legally entitled holder to vote the Bond for or against a proposed modification;

- (ii) a corporation, trust or other legal entity is controlled by the Issuer or by a department, ministry or agency of the Issuer if the Issuer or any department, ministry or agency of the Issuer has the power, directly or indirectly, through the ownership of voting securities or other ownership interests, by contract or otherwise, to direct the management of or elect or appoint a majority of the board of directors or other persons performing similar functions in lieu of, or in addition to, the board of directors of that legal entity; and
- (iii) the holder of a Bond has autonomy of decision if, under applicable law, rules or regulations and independent of any direct or indirect obligation the holder may have in relation to the Issuer:
 - (A) the holder may not, directly or indirectly, take instruction from the Issuer on how to vote on a proposed modification; or
 - (B) the holder, in determining how to vote on a proposed modification, is required to act in accordance with an objective prudential standard, in the interest of all of its stakeholders or in the holder's own interest; or
 - (C) the holder owes a fiduciary or similar duty to vote on a proposed modification in the interest of one or more persons other than a person whose holdings of Bonds (if that person then held any Bonds) would be deemed to be not outstanding under this Condition 8.2.7 (*Outstanding Bonds*).

8.2.8 Outstanding Debt Securities. In determining whether holders of the requisite principal amount of outstanding Debt Securities of another series have voted in favour of a proposed Cross-Series Modification or whether a quorum is present at any meeting of the holders of such Debt Securities called to vote on a proposed Cross-Series Modification, an affected Debt Security will be deemed to be not outstanding, and may not be voted for or against a proposed Cross-Series Modification or counted in determining whether a quorum is present, in accordance with the applicable terms and conditions of that Debt Security.

8.2.9 Entities Having Autonomy of Decision. For transparency purposes, the Issuer will publish promptly following the Issuer's formal announcement of any proposed modification of the Bonds, but in no event less than 10 days prior to the record date for the proposed modification, a list identifying each corporation, trust or other legal entity that for purposes of Condition 8.2.7(c) (*Outstanding Bonds*):

- (a) is then controlled by the Issuer or by a department, ministry or agency of the Issuer;
- (b) has in response to an enquiry from the Issuer reported to the Issuer that it is then the holder of one or more Bonds; and
- (c) does not have autonomy of decision in respect of its holdings of the Bonds.

8.2.10 Exchange and Conversion. Any duly approved modification of the Terms of the Bonds may be implemented by means of a mandatory exchange or conversion of the Bonds for new Debt Securities containing the modified terms and conditions if the proposed exchange or conversion is notified to holders of the Bonds prior to the record date for the proposed modification. Any conversion or exchange undertaken to implement a duly approved modification will be binding on all holders of the Bonds.

8.3 Calculation Agent

8.3.1 Appointment and Responsibility. The Issuer will appoint a person (the “**Calculation Agent**”) to calculate whether a proposed modification has been approved by the requisite principal amount of outstanding Bonds and, in the case of a Cross-Series Modification, by the requisite principal amount of outstanding Debt Securities of each affected series of Debt Securities. In the case of a Cross-Series Modification, the same person will be appointed as the Calculation Agent for the proposed modification of the Bonds and each other affected series of Debt Securities.

8.3.2 Certificate. The Issuer will provide to the Calculation Agent and publish prior to the date of any meeting called to vote on a proposed modification or the date fixed by the Issuer for the signing of a written resolution in relation to a proposed modification, a certificate:

- (a) listing the total principal amount of Bonds and, in the case of a Cross-Series Modification, Debt Securities of each other affected series outstanding on the record date for purposes of Condition 8.2.7 (*Outstanding Bonds*);
- (b) specifying the total principal amount of Bonds and, in the case of a Cross-Series Modification, Debt Securities of each other affected series that are deemed under Condition 8.2.7(c) (*Outstanding Bonds*) to be not outstanding on the record date; and
- (c) identifying the holders of the Bonds and, in the case of a Cross-Series Modification, Debt Securities of each other affected series, referred to in (b) above,

determined, if applicable, in accordance with the provisions of Condition 8.2.6 (*Multiple Currencies, Index-Linked Obligations and Zero-Coupon Obligations*).

8.3.3 Reliance. The Calculation Agent may rely on any information contained in the certificate provided by the Issuer, and that information will be conclusive and binding on the Issuer and the holders of the Bonds unless:

- (a) an affected holder of the Bonds delivers a substantiated written objection to the Issuer in relation to the certificate before the vote on a proposed modification or the signing of a written resolution in relation to a proposed modification; and
- (b) that written objection, if sustained, would affect the outcome of the vote taken or the written resolution signed in relation to the proposed modification.

In the event a substantiated written objection is timely delivered, any information relied on by the Calculation Agent will nonetheless be conclusive and binding on the Issuer and affected holders of the Bonds if:

- (a) the objection is subsequently withdrawn;
- (b) the holder of the Bonds that delivered the objection does not commence legal action in respect of the objection before a court of competent jurisdiction within 15 days of the publication of the results of the vote taken or the written resolution signed in relation to the proposed modification; or
- (c) a court of competent jurisdiction subsequently rules either that the objection is not substantiated or would not in any event have affected the outcome of the vote taken or the written resolution signed in relation to the proposed modification.

8.3.4 Publication. The Issuer will arrange for the publication of the results of the calculations made by the Calculation Agent in relation to a proposed modification promptly following the meeting called to consider that modification or, if applicable, the date fixed by the Issuer for signing a written resolution in respect of that modification.

8.4 **Meetings of Bondholders; Written Resolutions**

8.4.1 General. The provisions set out below, and any additional rules adopted and published by the Issuer will, to the extent consistent with the provisions set out below, apply to any meeting of holders of the Bonds called to vote on a proposed modification and to any written resolution adopted in connection with a proposed modification. Any action contemplated in this Condition 8.4 (*Meetings of Bondholders; Written Resolutions*) to be taken by the Issuer may instead be taken by an agent acting on behalf of the Issuer.

8.4.2 Convening Meetings. A meeting of holders of the Bonds:

- (a) may be convened by the Issuer at any time; and
- (b) will be convened by the Issuer if an Event of Default in relation to the Bonds has occurred and is continuing and a meeting is requested in writing by the holders of not less than 10% of the aggregate principal amount of the Bonds then outstanding.

8.4.3 Notice of Meetings. The notice convening a meeting of holders of the Bonds will be published by the Issuer at least 21 days prior to the date of the meeting or, in the case of an adjourned meeting, at least 14 days prior to the date of the adjourned meeting. The notice will:

- (a) state the time, date and venue of the meeting;
- (b) set out the agenda and quorum for, and the text of any resolutions proposed to be adopted at, the meeting;
- (c) specify the record date for the meeting, being not more than five Business Days before the date of the meeting, and the documents required to be produced by a holder of the Bonds in order to be entitled to participate in the meeting;
- (d) include the form of instrument to be used to appoint a proxy to act on behalf of a holder of the Bonds;
- (e) set out any additional rules adopted by the Issuer for the convening and holding of the meeting and, if applicable, the conditions under which a Cross-Series Modification will be deemed to have been satisfied if it is approved as to some but not all of the affected series of Debt Securities; and
- (f) identify the person appointed as the calculation agent for any proposed modification to be voted on at the meeting.

8.4.4 Chair. The chair of any meeting of holders of the Bonds will be appointed:

- (a) by the Issuer; or

- (b) if the Issuer fails to appoint a chair or the person nominated by the Issuer is not present at the meeting, by holders of more than 50% of the aggregate principal amount of the Bonds then outstanding represented at the meeting.
- 8.4.5 Quorum. No business will be transacted at any meeting in the absence of a quorum other than the choosing of a chair if one has not been appointed by the Issuer. The quorum at any meeting at which holders of the Bonds will vote on a proposed modification of:
 - (a) a reserved matter will be one or more persons present and holding not less than two thirds of the aggregate principal amount of the Bonds then outstanding; and
 - (b) a matter other than a reserved matter will be one or more persons present and holding not less than 50% of the aggregate principal amount of the Bonds then outstanding.
- 8.4.6 Adjourned Meetings.
